## Rust College 2003-2004

### Preface

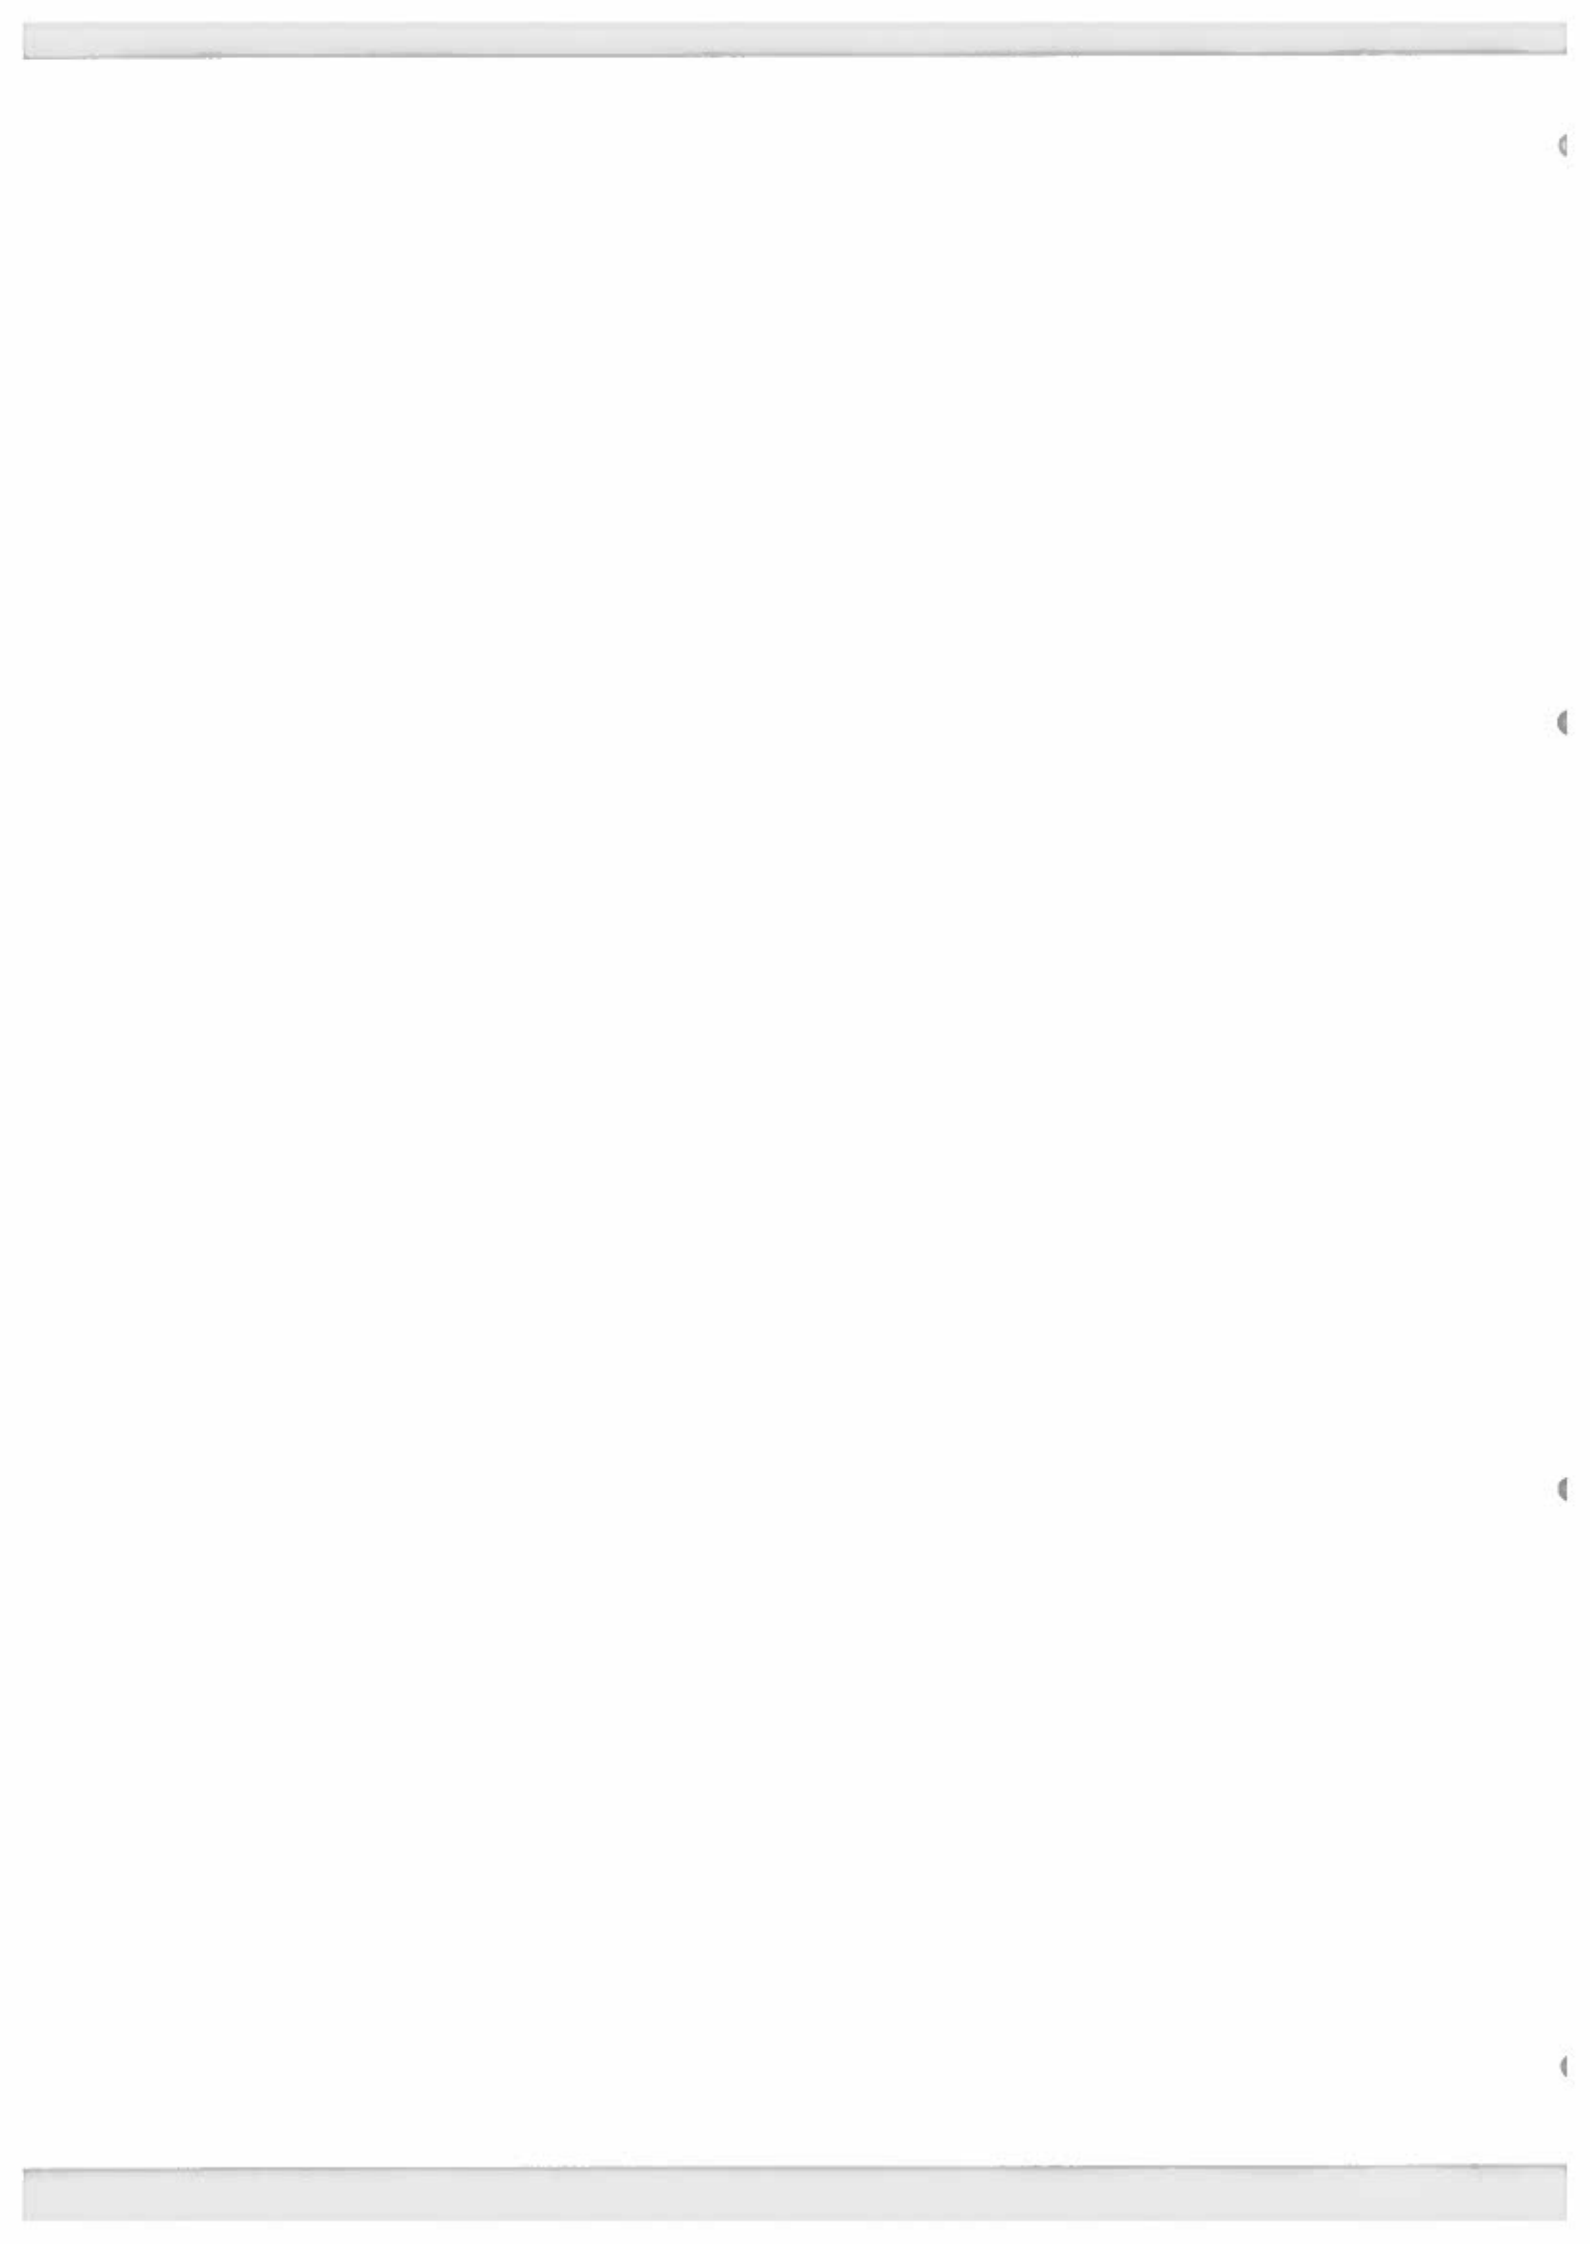

This 2003-2004 edition of the *Rust College Fact Book* represents a year of record achievement. Fall 2003 enrollment for first-time freshmen exceeded Fall 2002 by 17%. The Rust College Quality Enhancement Plan (QEP) was implemented as a vital tool to “address a well-defined topic related to enhancing student learning and compliments the institution’s on-going integrated, institution-wide planning and evaluation process.”<sup>1</sup> The year’s achievements were distinguished by the College’s unprecedented reaffirmation review by The Southern Association of Colleges.

The purpose of publishing the *Fact Book* is not only to record the achievements of the past year, but to also document the trend of continued growth and success at the College. We have accomplished this goal and hope you will find the *2004 Fact Book* a useful and valuable reference tool. Every effort has been made to provide accurate and up-to-date information, however, should you have questions or comments regarding this information, please let us know.

As first-time editor of the *Fact Book*, I am indebted to the College community for its contribution to this effort. Many units across campus were involved in the compilation and presentation of the data contained in these pages. The help and cooperation I received is truly appreciated. I owe a personal thanks to the Vice-President for Assessment for his guidance and continued commitment to this important project.

## MISSION STATEMENT

**R**UST COLLEGE is a historically Black, co-educational, senior liberal arts college founded in 1866 by the Freedman's Aid Society of The Methodist Episcopal Church. The College is related to the United Methodist Church, and dedicated to serve the students with a variety of academic preparations, through instruction in the humanities, social and behavioral sciences, natural science, business, technology and education. Rust College recognizes the three-fold functions of education as being teaching, research and community service. Its primary mission however, is teaching. It offers a well-rounded program designed to acquaint students with cultural, moral, and spiritual values, both in theory and in practice. Rust College provides an opportunity for education to all, regardless of race, religion, sex, national origin or ethnic background.

## **RUST COLLEGE INSTITUTIONAL GOALS 2003-2004**

1. To develop an institutional model for assessing and evaluating the effectiveness of the College in relationship to its purpose and mission;
2. To strengthen the College's overall academic program in teaching, research and community service;
3. To improve the College's overall campus environment;
4. To stabilize full-time enrollment at 1,000;
5. To increase the endowment fund to more than \$20 million and improve the system for acquiring and managing the College's fiscal resources to established endowed chairs, to increase student financial aid, to increase salaries, and to maintain and renovate physical facilities;
6. To improve the College's technologies to meet Management Information Systems (MIS) needs for academic and administrative areas; and
7. To improve the College's public image and visibility in general with special attention given to North Mississippi and the Memphis areas.

# General

---

**RUST COLLEGE** was established in 1866 by the Freedman's Aid Society of the Methodist Episcopal Church. Its founders were missionaries from the North who opened a school in Asbury Methodist Episcopal Church, accepting adults of all ages, as well as children, for instruction in elementary subjects. A year later the first building on the present campus was erected.

In 1870, the school was chartered as Shaw University, honoring the Reverend S.O. Shaw, who made a gift of \$10,000 to the new institution. In 1892, the name was changed to Rust University to avoid confusion with another Shaw University. The name was a tribute to Richard S. Rust of Cincinnati, Ohio, Secretary of the Freedman's Aid Society. In 1915, the title was changed to the more realistic name, Rust College.

As students progressed, high school and college courses were added to the curriculum, and in 1878 two students were graduated from the college department. As public schools for Negroes became more widespread the need for private schools decreased, and in 1930 the grade school was discontinued. The high school continued to function until 1953.

A significant change in the administration of the institution took place in 1920 when Dr. M.S. Damage became president, the first Negro to hold that position. Dr. L. M. McCoy, his successor, was the first alumnus to serve his Alma Mater as president. He was followed in 1957 by Dr. Earnest A. Smith, an alumnus, class of 1937. In 1967, Dr. William A. McMillan, a non-alumnus assumed the presidency. In 1993, Dr. David L. Beckley, an alumnus, class of 1967, became the eleventh president of Rust College.

Among approximately 20,000 former students of Rust College, many completed only their elementary or secondary education. However, more than 5,500 have graduated from the college department. Among these alumni are bishops of the United Methodist Church and other Church denominations, public school teachers and administrators, college presidents, lawyers, physicians, businessmen, government leaders and ministers.

### Full-Time Enrollment

Traditionally full-time enrollment for baccalaureate degree producing liberal arts colleges have been young men and women recently graduating from high school between the ages of 18 and 21. Recent years have shown an increase in the number of working adults seeking degrees. The number of females enrolled continues to out-number males. The number of students entering college from outside the continental United States continues to rise.

## **CAMPUS**

**Rust College is located thirty-five miles southeast of Memphis, Tennessee, in the city of Holly Springs, Mississippi. The campus consists of one hundred twenty-six acres on the north side of town. The entrance of the campus is located on Rust Avenue which connects North Randolph Street and State Highway 78 named Memphis Street. There are forty-seven buildings located on seventy-five acres of the campus. A twelve apartment complex behind the campus; five duplex apartments and four single dwellings located on Rust Avenue are for faculty and staff members.**

### **OAKVIEW**

**According to oral history, Oakview Mansion was present when the church purchased the property in 1866 on a site reported to have been a slave auction market place prior to the Civil War. An Annex was added to the rear of the building in 1905 and again in 1918. Documents show that renovations took place in 1973, 1985 and 1994. Historic exterior preservation work was done in 2001 to duplicate the building's original detail. Special attention was given to the preservation of original brickwork. The request for Oakview to be placed on the National Register of Historical Places in the United States was done in 1976. Oakview currently houses the Public Relations and Alumni Affairs Office and includes two guest bedrooms, a storage area, a conference room and workstations.**

### **THE McCARTY-VARNELL BUSINESS, COMPUTER AND SOCIAL SCIENCE BUILDING**

**The McCarty-Varnell Business, Computer and Social Science Building is a two-story brick structure which was constructed in 1989. It occupies 44,000 square feet, 80 percent classroom space, and 20 percent auditorium. The first floor contains The Heard Auditorium with a seating capacity of 383, a lecture classroom that will seat 75, a secretarial office pool, and classrooms. Computer Science, the Division of Social Science and the Division of Business are located in the complex.**

### **THE McCOY ADMINISTRATION BUILDING**

**The McCoy Administration Building, named in honor of alumnus and eighth president Dr. Lee Marcus McCoy, is the landmark of Rust College. McCoy Hall, a two-story brick building with a tower approximately seven stories high, was completed in 1947. It is situated at an elevation of 590 feet. Its gross area is 23,000 square feet and the net assignable area is 20,464 square feet excluding the annex which was added in 1971 providing additional floor space of 1,826 square feet.**

**The first floor of the building houses the offices of the president, vice-president, institutional research, personnel, development, grants and contracts, fiscal affairs, and the computer center. The second floor houses the offices of the academic dean, the registrar, admissions and recruitment director, financial aid director and dean of**

students. Also, located on the second floor is the president's conference room. McCoy is listed in the National Register of Historical Places in the United States.

Something very unique to Rust Campus and Holly Springs is this building had installed in 1948 (gifted by an alumnus) the clock with chimes placed in the tower. For 45 years the chimes rang out over the town. In 1993 the chimes were replaced and they now ring a hymn every hour on the hour from 6:00 am to 11:00 pm. They continue to be heard across the town and into the countryside.

## THE PRESIDENT'S HOME

The president's Home, an attractive brick bungalow located on the east side entrance of the campus, was constructed in 1958. Since that time, renovations included the addition of three bedrooms, a meeting room and a den of 3,500 square feet.
